Minutes of the October 28 faculty meeting were accepted as written.

Dean Hart introduced and welcomed Antoinette Sedillo-Lopez, who will be joining the faculty in the Spring semester.

Several students interested in the Phillip Jessup Cup International Law Moot Court Team competition requested faculty consideration of their proposal (outlined in a October 30 memo to all faculty members) that they be granted two hours academic credit for participation in the program. Upon proper motion and second the faculty approved the proposal on a temporary, one-time basis.

Dean Hart distributed a list of 1985-86 faculty committee assignments. Names of students for some of the committees will be provided in the near future.

The faculty approved a recommendation from the Student Affairs Committee that students who wish to have their grades for individual courses mailed, rather than posted, may do so by providing stamped, self-addressed envelopes. The faculty also approved a Student Affairs Committee recommendation that 'memory' electronic typewriters may be used in the 'typewriter mode' for taking exams, providing the 'memory capability' is not used. The faculty, in its collective wisdom, defined 'memory typewriter' for this purpose as a machine capable of no more than one line of display.
